

Archery Sport Update

December 2020

About this Sport Update

Published in December 2020, the series of Sport Updates offer a summary of competition-related material about each sport at Tokyo 2020 and provide a variety of information to help teams in their planning and preparation for the Games.

General information such as accreditation, accommodation, transport, COVID-19 countermeasures, etc., is not included as it is still in the process of being finalised, but interim information relating to these areas is continually being published on Tokyo 2020 Connect as it is confirmed.

All information provided in this Sport Update was correct at the time of publication, but some details may have changed prior to the Games.

NOC representatives are advised to regularly check the IOC's NOCnet and Tokyo 2020 Connect for the latest updates, especially regarding competition schedules.

Team Leaders' Guides explaining Games-time plans for sports in greater detail will be distributed to NOCs in May 2021.

WELCOME

On behalf of the Tokyo Organising Committee of the Olympic and Paralympic Games, I am delighted to present the Archery Sport Update for the Games of the XXXII Olympiad.

We have been working diligently to provide facilities, services and protocols which will allow everyone involved in the Games to achieve all three of Tokyo 2020's core concepts: achieving personal bests, unity in diversity, and connecting to tomorrow.

Included is information about:

- processes relating to competition and training
- key dates and personnel
- competition schedule, format and rules
- venue facilities and services

We trust it will assist you with your planning for the Olympic Games Tokyo 2020. If you require any additional information that is not found in this guide, do not hesitate to check Tokyo 2020 Connect or contact the sport manager.

Please rest assured that the Olympic flame will not go out and will continue to burn in our hearts until the Olympic Games Tokyo 2020 next summer.

We look forward to welcoming you all with our unique Japanese hospitality when you arrive in Tokyo in July 2021.

Kind regards,

小谷 実可子

KOTANI Mikako
Sport Director, Tokyo 2020

Archery overview

Archery at the Olympic Games

The origins of Archery date back around 10,000 years, when bows and arrows were first used for hunting and warfare. The development of firearms in medieval times gradually rendered Archery obsolete for fighting purposes. However, it eventually grew in popularity as a sport from around the 18th century and is now practiced in more than 160 countries around the world. Archery made its Olympic debut at Paris 1900 and women competed at St Louis 1904, making it one of the first sports to include women. Archery was dropped from the programme after London 1908, returned for a single appearance at Antwerp 1920 and after a 52-year gap was finally reintroduced at Munich 1972. Since then it has remained an Olympic sport, and for Tokyo 2020 a Mixed Team event has been added to the Archery programme.

Key personnel

World Archery (WA)

IF Technical Delegate: Sébastien FLUTE (FRA)
Assistant IF Technical Delegate: GUO Bei (CHN)

Tokyo 2020 competition management

Archery Sport Manager: OKURA Yuko (JPN)
Archery Services Manager: SHIWAKU Yasuhiro (JPN)
Archery Technical Operations Manager: NAKANO Maki (JPN)

OKURA Yuko **Archery Sport Manager, Tokyo 2020**

Born in the USA, Okura Yuko started Archery at high school in Japan and continued the sport at college where she studied physical education, sports psychology and coaching. After graduating, she coached students at high schools, college and university as well as junior athletes in her home city of Tokyo. After volunteering at the 2012 Archery World Cup Final held in Tokyo, Okura became involved with All Japan Archery Federation (AJAF), where she was appointed as a board member of its International Committee. She completed a National Coaching Academy course conducted by the Japanese Olympic Committee, and also went on to become accredited as a World Archery international judge candidate in 2016. Okura joined the Tokyo 2020 sports management team in 2016.

International Technical Officials (ITOs)

Chairperson of the Tournament Judges Commission	Hannah BROWN (GBR)
Judges	Robert ERICA (NED) Ringa BALTRUSAITE (LTU) Karla CABRERA (PHI) Fulvio CANTINI (ITA) Indranil DATTA (IND) Guillermina Garcia AVILA (MEX) David MARTIN (RSA) PAN Yu Hsuan (TPE) Sabrina STEFFENS (GER) Sheau Jiuan TAN (SGP) Schandorff VANG (DEN) Alexandre Vecchio PASSERINI (BRA)
Director of Shooting	Vladimir DOMINGUEZ (CUB)
Chairman of Jury Appeal	Sergio FONT (CUB)
Jury members	Graham POTTS (GBR) Hana MAJAROVA (CZE)

National Technical Officials (NTOs)

[JPN unless stated otherwise]

Assistant Directors of Shooting	NANASAWA Makoto ZHANG Xiuzhi (CHN)
Practice field / Warm-up area controllers	KAREKI Masakatsu SUGAWARA Masayuki
Scorers	KIHARA Keisuke SHINOHARA Masatoshi Zheng Yuan TAN (SGP) YAMAKI Erika
Arrow Spotter	CHEN Ting-Ni (TPE) SAITO Ayaka SHINKAI Aya
ITO Liaison / NTO Supervisor	NAKANNO Maki

Archery competition

The Archery competition at Tokyo 2020 will be held from Friday 23 July to Saturday 31 July 2021 at the Yumenoshima Park Archery Field in the Tokyo Bay Zone. The competition will consist of five medal events, summarised below:

Medal Events

Men (2)	Women (2)	Mixed (1)
Individual	Individual	Team
Team	Team	

A total of 128 athletes may take part in the Archery competition. This figure comprises 59 male and 59 female athletes, plus six places - three men and three women - allocated to the host country and four Tripartite Commission places - two men and two women.

Competition format

The Archery competition will begin with the women's and men's ranking rounds, which will determine the seedings for the Individual, Team and Mixed Team events. After the ranking rounds, all five medal events will be conducted in a single-elimination format, with individual archers and teams competing in a series of head-to-head matches. The losers of the two semifinals in each event will compete in play-off matches to determine the winners of the bronze medals.

A summary of the competition schedule follows below:

Day 0 (23 July 2021)

The two ranking rounds, one each for the women's and men's events, will be held on Day 0. In the ranking rounds, each archer will shoot 72 arrows. The archer with the highest score in his or her individual event will be awarded the number one seeding, the archer with the second highest score will be awarded the number two seeding, and so on, until all archers have been seeded. In the event of any ties, the number of 10s and Xs will be used as tiebreakers.

The ranking round scores will determine the seedings for the Men's and Women's Team events. The individual scores of the three archers in each team will be combined to give a total team score, which will be ranked against the scores of the other teams in the event.

For the Mixed Team event, a new event for Tokyo 2020, the ranking round scores will also be used to determine the seedings. The highest individual scores for each gender will be combined to give a total Mixed Team score. The top 16 teams will proceed to head-to-head elimination match play. If there is a tie for 16th place in the Mixed Team ranking, there will be a shoot-off to decide which team proceeds to the elimination round on Day 1.

Day 1 (24 July 2021)

The Mixed Team event will be held on Day 1 and will be completed in a single day. The event will begin in the morning with the early elimination rounds and will continue in the afternoon to the gold medal match and victory ceremony.

Days 2-3 (25-26 July 2021)

The Women's Team event will be held on Day 2 and will be completed in a single day. The event will begin in the morning with the early elimination rounds and will continue in the afternoon to the gold medal match and victory ceremony. The Men's Team event will be held on Day 3, following the same format as the Women's Team event.

Days 4-6 (27-29 July 2021)

The Men's and Women's Individual events will begin on Day 4. The 1/32 and 1/16 rounds in each event will be held over Days 4, 5 and 6 with both morning and afternoon sessions.

Days 7-8 (30 July-31 July 2021)

The final rounds of the Women's Individual event will take place on Day 7. The morning session will feature the eight matches in the 1/8 round, followed in the afternoon by the quarterfinals, semifinals, bronze medal match, gold medal match and victory ceremony. The final rounds of the Men's Individual event will take place on Day 8, following the same format.

Scoring

After the ranking round, in which archers will each shoot 72 arrows to determine the seedings, the Individual events will utilise the set scoring system introduced in 2010. All Individual matches will be the best of five sets, with three arrows per set. The winner of each set will be awarded two points. If the scores are tied at the end of a set, each archer will receive one point. If the match is tied at 5-5 after the fifth set, there will be a single-arrow shoot-off, and the archer whose arrow is closest to the centre will win unless both archers shoot a 10.

If both shoot a 10, or the arrows are measured the same distance from the centre, each archer will shoot a second arrow. At this stage the arrow closest to the centre will win, even in the case of both archers shooting a 10. Subsequent tie break arrows are only required if the arrows cannot be separated by measuring. The archer whose arrow is closer to the centre will win the match 6-5.

The elimination rounds of the Team and Mixed Team events will also use a set scoring system. Each team will shoot six arrows (for Mixed Team it is four arrows), two arrows per archer, and the team with the highest total score will win the set. The winner of each set will be awarded two points. If the scores are tied at the end of a set, each team will receive one point. If the match is tied at 4-4 after the fourth set, there will be a shoot-off match. Each archer will shoot a single arrow and the team who has the highest total score will win the match. If the scores are tied the match will be won by the team with the closest arrow to the centre, with the second and third arrows acting as further tiebreakers if required.

Appeals procedure

In the event of an intent to appeal or an actual appeal, NOCs must adhere to the times indicated on the Appeal form (available at the Ranking Round Field DOS hut, Final field of play Call Room and Judges' scoring hut).

The intention to file an appeal must be lodged in writing with the Chairperson or Deputy Chairperson of the Tournament Judges Commission within five minutes of the end of the match or the ranking round. If no team official has been appointed, appeals must be presented by the team manager or by the appellant. To confirm whether there will be an appeal or not, athletes, coaches and agents are requested to remain on the field of play for five minutes after the end of the match.

The Appeal form should be given to the Chairperson or Deputy Chairperson of the Tournament Judges Commission. A fee of CHF 50 or USD 55 or EUR 46 or JPY 5700 must be paid to the Chairperson of the Tournament Judges Commission in order for the appeal to be valid. If the appeal is upheld by the Jury of Appeal, the fee will be returned. If the appeal is rejected, the fee will not be returned unless the Jury decides otherwise.

Rules

The Archery competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

World Archery Constitution and Rules

<https://worldarchery.org/rulebook> - with particular reference to Book 1: Constitution and Procedures; Book 3: Target Archery

The Olympic Charter

www.olympic.org/documents/olympic-charter

In accordance with Rule 46 of the IOC Olympic Charter, World Archery will be responsible for the technical control and direction of Archery competition at Tokyo 2020.

Clothing and equipment

Clothing and equipment used by archers and other participants in the Archery competition must comply with the following documents:

World Archery Constitution and Rules

<https://worldarchery.org/rulebook> - with particular reference to Book 1: Constitution and Procedures; Book 3: Target Archery

The Olympic Charter

www.olympic.org/documents/olympic-charter - with particular reference to Rule 50 - Advertising, Demonstrations, Propaganda and Bye-law to Rule 50

Guidelines Regarding Authorised Identifications for the Games of the XXXII Olympiad, Tokyo 2020 (distributed by the IOC to all NOCs)

Athlete numbers

Athlete numbers for the ranking round, according to the start list, will be distributed to athletes on the day of the ranking round with the score card on the field. Only athletes taking part in the session in play will be allowed on the Ranking Round Field. Athlete numbers for the individual elimination/final rounds will be distributed to teams after completion of the ranking round at the venue Sport Information Desk (SID) in front of the Athletes' Lounge. Athletes must ensure they wear the correct athlete number at all times.

When on the shooting line, the athlete number must be clearly visible at all times. Athlete numbers must be worn on each archer's quiver or on the thigh facing the waiting line.

Bows and spotting scopes

An athlete may take only two bows plus the accessories listed in the WA Rules (Book 3, Article 11.1) onto the Final field of play. The accompanying team official may take only one belt pack to carry the athlete's accessories. A spotting scope for each team official will be provided in the coach's box.

No spotting scopes will be allowed on the Final field of play shooting line. A big screen on the field will display each target while athletes shoot, allowing them to clearly see the position of their arrows in the target.

Scopes on the shooting line will be allowed in the ranking round. The height of the scope is determined by the highest point of the scope, not by the height of the lens. The maximum height is the lowest part of the athlete's armpit. If there are any problems, judges will be instructed to remove all offending scopes until the end of the competition stage.

In case of inclement weather, necessary protection, in addition to clothing, may be used according to approval by the IF Technical Delegate (or, in their absence, the Chairperson of the Tournament Judge Commission) of the event.

Dress regulations

Athletes and team officials should wear their national team uniforms (with the same look per division, in accordance with World Archery rules) and sport shoes during training and competition. This is applicable to all accredited areas including the field of play, the training field, the Athletes' Lounge, and other facilities at the venue. Competition management would like to remind all NOCs that it is mandatory for all athletes participating in the tournament to clearly display their names and NOC codes on the back of their clothing.

Athletes competing in the semifinal matches are requested to bring their NOC uniforms with them to the call room in preparation for the victory ceremonies. The bronze and gold medal matches will take place immediately after the semifinals, and athletes will not have the opportunity to go back to the training field to pick up their uniforms. After the medal matches, medallists will be escorted back to the call room to change into their uniforms and prepare for the victory ceremony.

Guidelines Regarding Authorised Identifications for the Games of the XXXII Olympiad, Tokyo 2020 (distributed by the IOC to all NOCs)

The prohibition of any advertising and publicity in and above Olympic sites (as expressed in the Olympic Charter) is one of the aspects that differentiate the Olympic Games from other international events.

This is reflected in particular in Bye-law to Rule 50 of the Olympic Charter as follows:

No form of publicity or propaganda, commercial or otherwise, may appear on persons, on sportswear, accessories or, more generally, on any article of clothing or equipment whatsoever worn or used by the athletes or other participants in the Olympic Games, except the identification [...] of the manufacturer of the article or equipment concerned, provided that such identification shall not be marked conspicuously for advertising purposes.

Placing the national and Olympic identity of athletes at the forefront helps to further distinguish the Olympic Games, whilst respecting the significant contribution that sporting goods manufacturers provide.

Transportation and storage of Archery equipment

Before each flight to and from Japan for the Tokyo 2020 Olympic Games, teams are advised to notify their airlines that they are travelling with archery equipment. All equipment should be packed and locked in protective bow cases prior to the flight and should always be checked in as hold luggage.

If archers and their equipment are transported in separate vehicles between the airport, the Olympic Village, the Archery venue and other Olympic sites, a nominated team representative has the option to escort the team's equipment to ensure its integrity is maintained.

The Archery venue will contain secure storage facilities at which archers may leave their equipment after training or competition. Before storage, recurve bows must be disassembled and locked in protective cases. Bows must be de-strung, and the bow limbs must be removed. The secure storage facilities at the competition venue will close at the end of the Archery competition on 31 July 2021, by which point all equipment must be removed.

In the Olympic Village, archers must keep their equipment in hard-sided, locked cases, except when working on the equipment in their rooms. Recurve bow handles with sights and stabilizers may be carried outside their cases, both within the Olympic Village and during transit to and from the Archery venue, but the limbs and arrows must always be kept in locked cases. Archers are not permitted to shoot arrows anywhere in the Olympic Village.

Archers and other parties who violate any of these rules may have their Olympic accreditation withdrawn immediately. If they violate these rules after the competition has ended, they may also be subjected to sanctions from World Archery, which may include exclusion from future events.

Pre-competition procedures

Competition draw

DATE: 20 July 2021

TIME: 18:00 - 18:30

LOCATION: On-Venue Results room, Yumenoshima Park Archery Field

The draw will assign ranking round shooting positions and target numbers to athletes. The draw will be carried out by a member of the Tokyo 2020 results team. It will be witnessed by the IF Technical Delegates and the Tokyo 2020 Archery Sport Manager.

Venue familiarisation

Athletes will have the opportunity to train on the field of play for the elimination/final rounds on 20 July and 21 July 2021. Familiarisation consists of two sessions per day, one in the morning and one in the evening, and each athlete (NOC) will be given 30 minutes to shoot on the field.

These sessions will be the only opportunity for Final field of play training before the start of the competition. The venue familiarisation schedule with details of which sessions have been assigned to each NOC will be available at the venue Sport Information Desk (SID).

VENUE FAMILIARISATION SCHEDULE	
20 July 2021	
Men	09:00 - 13:00
Women	18:00 - 22:00
21 July 2021	
Women	09:00 - 13:00
Men	18:00 - 22:00

Official practice and athletes' equipment inspection

Official practice will take place on Thursday 22 July 2021 at the Ranking Round Field. The schedule will follow the same schedule used for the ranking rounds on Friday 23 July 2021; female archers will shoot in the morning between 09:00 and 11:00; and male archers will shoot in the afternoon between 13:00 and 15:00.

During official practice, archers should confirm the target numbers they are going to shoot at the ranking round and practice at those targets. Athletes' equipment inspection will take place on the same day, same time slot at the Athletes' Equipment Inspection area, located on the east side of the Ranking Round Field.

During inspection, each NOC will be called in alphabetical order to report to the Inspection area. All athletes must have their equipment inspected at the times specified in the official practice schedule. Data entry practice on a Personal Digital Assistant (PDA) will take place in conjunction with the equipment inspection.

Team leaders' meeting

DATE: 22 July 2021

TIME: 14:00 - 15:00

LOCATION: Venue Media Centre, Yumenoshima Park Archery Field

The World Archery Secretary General, the IF Technical Delegates, the Chairperson of the Tournament Judge Commission, technical officials and the Tokyo 2020 Archery Sport Manager will be present at the meeting. Team leaders must attend the meeting and should bring with them the team leaders' meeting agenda – available from the venue SID – and the Team Leaders' Guide.

Transport to Opening Ceremony

Following the ranking round on 23 July 2021, athletes will return to the Olympic Village to prepare for the Opening Ceremony. Male athletes who will compete in the ranking round in the afternoon session are advised to return to the Olympic Village as soon as possible after they finish in order to arrive on time for transportation with their delegation to the Opening Ceremony.

Competition procedures

Entry to the field of play during the Ranking Round

During the Ranking Round on 23 July 2021, the number of coaches or team officials who can enter the field of play will be restricted to one person per athlete.

For example, if there are three athletes competing, only three people can accompany them into the field of play. These three people do not necessarily have to remain the same person; they can switch with other officials in their team each time they enter the field.

There will be access checkpoints at the entrance to the field of play to verify the number of athletes and coaches. Identification ribbons and armbands will be distributed to athletes and coaches respectively prior to the relevant session.

Mixed Team member nomination

The results of the two highest scoring athletes of the team will automatically be registered to the Mixed Team event. If teams wish to change the athletes of the mixed team, they should fill in the "Mixed Team Member Nomination Form" to name the athletes that will be competing in the Mixed Team event.

Forms should be given to the official approved result verifier or Chairperson of the Judges before the day of the Mixed Team event; or at least one hour prior to the beginning of the first match of the Mixed Team event.

Warm-up procedures

The warm-up area, which comprises of eight targets on the west side of the Ranking Round Field, will be available to athletes before they are called to compete in the elimination or final rounds.

Call to competition

Athletes and team officials should arrive at the Athletes' Call Room, located on the west side of the Final field of play, 15 minutes before the programmed start time of their match. Athletes, team officials and agents will be collected from the warm-up area (Ranking Round Field) by a marshal and guided to the Call Room. Approximately three minutes before the programmed start time of their match, athletes and team officials will be moved to the athletes' entrance. When a signal is given by the Floor Manager at the athletes' entrance, the Line Judge and coaches will enter the field of play first. Athletes will then be signalled to enter and proceed to the field of play and be ready for athlete introduction at their designated target positions.

Athletes should be aware that there will be athlete introductions. Athletes are asked to first face the camera in front of them and to raise their hands to the right and to the left to greet spectators when they are being presented. Tokyo 2020 competition management would like to make the athletes the centre of attention during the march out. To help achieve this, team officials and the Line Judge will march out in a group before athletes march out separately.

Only one accredited team official will be allowed on the field of play with each athlete or team. Coaches must stand within the designated coaches' area throughout the match. A spotting scope for each coach will be provided in the coaches' area.

Athletes' agents

When athletes collect their arrows after the end of the warm-up, athletes' agents should assemble at the call area; a marshal will lead them to the Judge's Scoring Hut at the Final field of play.

After each match, athletes' agents will be escorted from the field of play (except for those agents with consecutive matches) and must exit by the same route they entered.

Athletes' agents must follow the marshal's instructions. Athletes who are unable to allocate an agent should inform the Chairperson of Judges at the team leader's meeting so that a technical official or volunteer will be allocated to act as an agent.

Accredited/team seating

Accredited seating for athletes and team officials will be located in the temporary stands located behind the shooting platform.

Heartrate camera measurements

Panasonic will measure athletes' heartrates using the Contactless Vital Sensing System and generate live graphics for live broadcasting during competition. Four cameras will be placed on the Final field of play to collect athlete heartbeat information. Athletes are requested to read and sign the consent form that will be distributed by the Olympic Broadcasting Services (OBS) in advance.

Post-competition procedures

Leaving the field of play

On 23 July 2021, female athletes are requested to leave the Ranking Round Field via the mixed zone as soon as their equipment is packed after competition. This will allow Tokyo 2020 competition management to prepare for the men's competition in the afternoon.

During the elimination or final rounds, athletes and team officials should leave the Final field of play immediately on the Line Judge's directions once the scores of the match have been confirmed by the Target Judge. From here, the athlete(s) will be guided to the mixed zone.

Mixed zone

The mixed zone at the Ranking Round Field is located behind the athlete shelter. The mixed zone at the Finals field of play is located near the shooting platform exit.

Victory ceremonies

TBC

Doping control

TBC

Competition venue

Yumenoshima Park Archery Field

2-1-4 Chinai Yumenoshima
Koto-ku Tokyo
Japan

One of the venues in the Tokyo Bay Zone, Yumenoshima Park Archery Field is located in Yumenoshima ('Dream Island') Park, which already houses extensive sporting and cultural facilities as well as the impressive Tropical Greenhouse Dome.

The ranking rounds will be held in the Ranking Round Field of the Yumenoshima Park Archery Field. Elimination rounds/final round of the Archery competition will take place at a venue adjacent to the Ranking Round Field built temporarily for the Games. Yumenoshima Park Archery Field will have a gross capacity of 5600.

Field of play

The field of play for the ranking rounds will contain 32 targets used during competition but for the elimination rounds the field of play will contain two targets. Targets and all other equipment will be presented in accordance with the World Archery Constitution and Rules.

Venue access

The athlete load zone is located in front of BumB Tokyo Sports Bunkakan, the building adjacent to the Ranking Round Field and where the Athletes' Lounge, the Sport Information Desk, the massage room, and equipment storage are located. Athletes can enter the competition venue from the east side of the Ranking Round Field.

Venue transport

Time/distance from Olympic Village using Tokyo 2020 transport services: 20min/9km

Please note that if teams decide to travel to the venue by their own means (public transport, walking, etc), they must pass through Pedestrian Screening Area (PSA) for screening before being able to enter the venue. Teams will not be able to enter the venue on bicycles or park their bicycles inside the venue's parking areas.

Venue facilities and services

The warm-up area for the elimination rounds will be located on the west side of the Ranking Round Field and will contain eight targets. The remaining part of the field will be used for training.

Athletes' Lounge

The Athletes' Lounge is located on the first floor of BumB Tokyo Sports Bunkakan and will be open from the time the first athlete bus arrives at the venue in the morning, until the last bus departs the venue.

The lounge will be furnished with sofas, chairs, tables, microwave, electric hot water dispenser, and two televisions displaying the competition feed (inter-venue feed with a few seconds delay). A refreshment station serving whole fruits, cold snacks, Coca-Cola drinks and hot drinks will also be available for athletes and team officials. Free-of-charge wireless internet access will be available at the lounge.

Changing rooms, showers, and toilets

Separate changing rooms for male and female athletes containing shower facilities are located on the second floor of BumB Tokyo Sports Bunkakan.

Food and beverage

In principle, meals for athletes and team officials are served at the Olympic Village. Those who plan to spend more than four hours away from the Olympic Village and wish to have lunch at the training venue can order a cold packed athlete venue meal. The order should be placed two days in advance at the Olympic Village, and the meal will be delivered to the refrigerator in the Athletes' Lounge for the teams to collect.

As an exception for the above meals, on 22 July 2021 (official practice and equipment inspection) and 23 July 2021 (ranking round), a cold packed meal will be available to all athletes and team officials at the competition venue. Additionally, on medal match days, a hot meal will be served to athletes and team officials competing in the afternoon session at the Athletes' Lounge. These meals will not have to be ordered in advance.

A refreshment station will also be located in the Athletes' Lounge. Athletes and team officials may bring food into Yumenoshima Park Archery Field, however, please note there is no refrigeration available.

Massage room

A massage room furnished with massage beds will be available on the first floor of BumB Tokyo Sports Bunkakan.

Equipment repair services

The equipment repair station is located in the Ranking Round Field and will be open between 10:00 and 17:00 from 14 July until 31 July 2021. The repair station will be staffed by technicians and offer repair and replacement and archery equipment tuning services for athletes.

Sport Information Desk (SID)

The SID is located in front of the Athletes' Lounge and will be open from the time the first athlete bus arrives at the venue in the morning, until the last bus departs the venue.

Medical services

The athletes' medical station is located near the shooting platform exit leading to the mixed zone at the Final field of play. The medical station will provide services such as first aid, emergency care, sports medicine and physical therapy services to athletes, team officials and technical officials. The Tokyo 2020 athlete medical team consists of at least one doctor and one physiotherapist, and nurses.

Doping control station

The doping control station at Yumenoshima Park Archery Field is located near the shooting platform exit leading to the mixed zone at the Final field of play, next to the athlete medical station.

Secure storage room for archery equipment

The secure storage facility at the competition venue is located on the first floor of the BumB Tokyo Sports Bunkakan. It will be available from the opening day of the training field until the end of the Archery competition on 31 July 2021, by which point all equipment must be removed. Further information on the storage will be distributed at the SID.

Mixed zone and press conference facilities

There are two mixed zones where accredited media conduct interviews with athletes after competition at Yumenoshima Park Archery Field. Press conference facilities are located inside the Venue Media Centre.

Heat countermeasures

During Games-time, the following countermeasures against heat will be taken to ensure the good health of athletes:

- Athlete shelter during the Ranking Round
- Thermal barrier pavement to prevent heat retention in the shooting area during the ranking round
- Call room with air conditioner
- Air-conditioned Athletes' Lounge
- Water/ice to be provided

Training venue

Yumenoshima Park Archery Field

2-1-4 Chinai Yumenoshima
Koto-ku Tokyo
Japan

Training for the Archery competition will also take place at Yumenoshima Park Archery Field, which will be open for training from Wednesday 14 July to Saturday 31 July 2021.

All training equipment will be approved by World Archery and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Training schedule

HOURS OF OPERATION: 09:00 - 18:00 from Wednesday 14 July to Saturday 31 July 2021, except for 22 July and 23 July 2021.

Training will be conducted on the Ranking Round Field during the above times and dates. Scheduling of training sessions will only occur if there is overcrowding at the venue.

On competition days the warm-up area (eight targets on the west side of the training field) will be open from 08:30 for athletes whose matches start at 09:30.

Training facilities

The Archery training facilities at Yumenoshima Park Archery Field will include:

- 64 targets and eight warm-up targets at 70m
- Six targets at 5m

The facilities and services available at Yumenoshima Park Archery Field during competition will also be available during training.

Directory

The Tokyo Organising Committee of the Olympic and Paralympic Games (Tokyo 2020)

Tokyo won the right to stage the Games of the XXXII Olympiad on 7 September 2013. The Tokyo Organising Committee of the Olympic and Paralympic Games (Tokyo 2020) is a private, not-for-profit sports association that was officially formed on 24 January 2014. Spearheaded by former prime minister of Japan, Yoshiro Mori, as president, the organising committee is composed of members from various organisations including the Japanese Olympic Committee (JOC), Japanese Paralympic Committee (JPC), Tokyo Metropolitan Government (TMG) and the national government of Japan.

Tokyo 2020 was assigned its mission by the International Olympic Committee (IOC) and International Paralympic Committee (IPC) and must follow their guidance, the Host City Contract, the Olympic Charter, the IPC Handbook, World Anti-Doping Agency (WADA) regulations and Japanese law.

Tokyo 2020 works in cooperation with Olympic and Paralympic Worldwide Partners, Gold Partners, Official Partners and Official Supporters.

International Olympic Committee (IOC)

The International Olympic Committee was created on 23 June 1894. Less than two years later, on 6 April 1896, the first Olympic Games of the modern era opened in Athens, and the Olympic Movement has not stopped growing ever since. The Olympic Movement encompasses organisations, athletes and other persons who agree to be guided by the principles of the Olympic Charter. The goal of the Olympic Movement is to contribute to building a peaceful and better world by educating youth through sport practised without discrimination of any kind, in a spirit of friendship, solidarity and fair play.

World Archery

Founded on 4 September 1931 in the Polish town of Lwów (now known as Lviv in Ukraine), the Fédération Internationale de Tir à L'Arc (FITA) was established to promote and regulate Archery around the world. The organisation officially changed its name to World Archery in 2011 and its stated mission is to empower almost 160 affiliated national member associations to develop awareness and participation of the sport in their respective countries. World Archery now oversees an array of international competitions, including the successful recent introduction of the Archery World Cup.

All Japan Archery Federation (AJAF)

The All Japan Archery Federation (AJAF) was established in 1956 and two years later became a member of FITA (now known as World Archery). AJAF aims to promote Archery by affiliating with local organisations and developing the competitiveness of athletes through scientific-based training as well as talent identification of young athletes. Since 1961, the AJAF has been sending athletes to international competitions and successfully hosted the 1982 Asia-Oceania Championships and 1994 Asian Games. The AJAF is affiliated with the Japanese Olympic Committee (JOC), World Archery (WA) and World Archery Asia (WAA), and currently has 13,000 individual members.
