

# [Olympic] Definition of Journey Time and Average Travel Time (TA)

- “ **Average Travel Time** ” is defined as travel time from departure of the village to arriving at the entrance to the venue (VSA) .
- “ **Journey Time** ” is defined as travel time added to A: travel time within TA mall, B: vehicle screening time, C: travel time within venue, and D: getting-off time.

For Project Use  
Tokyo2020

$$\textcircled{1} \text{ Journey time} = \textcircled{2} \text{ Average Travel Time} + 6\text{min}$$

(In case of the Olympic Games)
